A wealth of valued feedback is provided by members on the many programs and services offered by Darts Alberta

An on-line survey was developed and conducted by Darts Alberta, focused on gathering feedback from Albertans on the many programs and services offered. Feedback was received from an excellent cross-representation of competitors from varying skills levels.

The results show that an overwhelming majority are 'Satisfied' to 'Very Satisfied' with the organization, rate the current Executive Committee as being 'Effective' to 'Very Effective' and believe the organization communicates 'Well' to 'Very Well'.

Members provided suggestions for improvement on many services including our youth programs, the ranked tournament system, Adult Zone and Provincial Championships, the Member League Championship, award and recognition programs, and other member services.

As a result of member feedback, the first significant change to a Darts Alberta Program will be seen in the Grassroots Mentorship Program. The Darts Alberta Executive wants to assure their members that we are listening, but ask for patience regarding other significant changes coming in the near future. A thorough evaluation is being conducted, along with the member feedback provided, in order to ensure that any changes are effective, productive and successful.

A summary of the conclusions, significant findings and recommendations can be found in the [Executive Summary of the Darts Alberta Programs Survey Results contained on the Darts Alberta website](#). For an electronic copy of the full survey results, please contact the Darts Alberta Administrator at administrator@dartsalberta.com.
